

SensUs 2018
First Feedback Moment
Version 14.01.2018

Dear participants of SensUs 2018,

As stated in the Information Package, the SensUs organization would like to meet all teams, keep track of their progress, and help the teams where possible. If you would like more information about the Feedback Moments in general, see chapter 10 of the Information Package.

This first Feedback Moment will be a technical and practical session.

General information first Feedback Moment

This Feedback Moment focuses on getting to know each other and on your general planning, including the design steps that are to be taken and the timeline on these steps.

How is your team doing, how are the coaching and supervision arranged? Do you have access to labs? Indicate where you are in the design process and give a short summary of the progress so far.

- The Feedback Moment will take place via Skype and will take approximately 20 minutes.
- For a good Feedback Moment a minimum number of 3 students is recommended. It is not necessary for all the team members to join, but it is allowed.
- Prepare a presentation for the first Feedback Moment. Upload powerpoint slides (not more than 8 slides) in the folder called Feedback Moments → first Feedback Moment. The **deadline for uploading** your presentation is 24 hours before your Feedback Moment.

Planning first Feedback Moment

This year 13 teams are participating in the SensUs student competition. Therefore it is challenge to plan all feedback moments. In the schedule on the next page you can find different dates and times at which the SensUs organisation is available. If you see a suitable moment for you and your team, please write down your university name. If another university name is already written down or if the cell is red colored, this moment is not available (anymore).

With kind regards,

Henriëtte Eijking
The SensUs 2018 organization
